*Video Course titles include a book accompanied by digital access to video modules, quizzes and more.
Indispensable guides for and about law students.

Students will achieve academic and emotional success with Andrew J. McClurg’s *1L of a Ride: A Well-Traveled Professor’s Roadmap to Success in the First Year of Law School*. The author, an award-winning law professor and noted humorist, provides candid, step-by-step guidance, showing rather than telling students what to do.

Law professors Helene and Marshall Shapo wrote *Law School Without Fear* to help their son prepare for law school’s difficult emotional and practical challenges. Topics include legal reasoning, the court system, precedent, balancing competing interests, and more.

*Get a Running Start* covers all the major concepts taught in each of the courses most commonly offered in the first year of law school.

Students can learn from the unprecedented ten-time recipient of the Professor of the Year Award, Paula Franzese, on how to be your best self in law school, at work and in life when they read the *A Short & Happy Guide to Being a Law Student*.

### Popular titles

- McClurg’s *1L of a Ride* provides a roadmap to academic and emotional success in law school’s first year.
- In *Law School Without Fear*, two experienced law professors provide strategies and tips on how to successfully cope with law school.
- *Get a Running Start* offers a global overview of the first-year curriculum in a single volume.
- *A Short & Happy Guide to Being a Law Student* provides law students with essential wisdom for the study of law and life.

Academic advice and guidance for today’s law student.

A well-written course outline can assist students in preparing for classroom discussions and exams. In *Law School Secrets: Outlining for Exam Success*, author Jeffrey S. Batoff answers law students’ frequently asked questions about outlining.

Written for every law student who ever wondered how to get better grades in law school, *How to Write Law Exams: IRAC Perfected* provides students of all levels with a detailed, comprehensive, and practical guide to success on law school exams.

*The Weekend MPRE: Complete Preparation for the MPRE in Only a Weekend’s Time* prepares students for the challenging MPRE exam through a new, first-of-its-kind video course complete with quizzes and two sample MPRE’s.

*The Legal Research Survival Manual with Video Modules* is an easy-to-read introduction for students at the very start of their career. It is designed to be an approachable resource for the first year of law school or as a legal research refresher for those starting their first jobs or internships.

The best-written case briefs available.

These titles present the essential facts, issues, decision, and rationale for each case in your casebook, helping you quickly identify and understand the key takeaways.

- Headnotes summarizing the importance of each case
- Exclusive memory graphic to help you recall cases
- Keyed to all major casebooks
- Pages are perforated so students can incorporate the briefs into their own class notes

LEGALINES

The only series that gives students both case briefs and a review of black letter law.

Legalines provide authoritative, detailed briefs of every major case, with clear explanations of the facts and issues, the court’s holding and reasoning, plus any significant concurrences and dissents.

Legalines are perfect for class preparation. A table of cases indicates where to find principal cases as well as incidental cases so students can find what they need quickly. The outline format reveals how all the cases relate to each other.

- Titles track the casebook, so the topics discussed and the briefs provided follow the order they are presented in the casebook
- A table of cases helps students quickly find the cases they are looking for
- The outline format reveals how all the cases relate to each other

Subjects available
- Administrative Law

MAPPING CONTRACTS

The learning process is made visible by showing how the rules from cases are synthesized to build a conceptual framework for each legal principle.

- Case summaries provide the relevant facts, holding, and reasoning for every case in the casebook.
- The “Framework for Analysis” sections provide a blueprint for students to follow in preparing course outlines.

Mapping Contracts (Keyed to Farnsworth, 8th) ISBN: 9780314280442
West Academic Publishing Hornbooks set the standard.

Hornbooks make great reference guides, citing landmark cases, statutes, and articles. The many footnotes to primary law and secondary sources are a good starting point when conducting legal research.

The ultimate supplement to classroom discussions and casebook studies, Hornbooks are recommended by professors more than any other study aid. Even practicing attorneys turn to Hornbooks for questions about the law. A great resource and a great investment, Hornbooks deliver information that can be trusted throughout their legal career.

- Recommended by more professors than any other study guide
- Provides historical and contemporary context for the law
- Offers in-depth, insightful analysis
- Thorough footnotes make Hornbooks a great reference guide

Concise and conveniently sized, expertly written.

The Concise Hornbook Series offers the same level of scholarly insight as traditional Hornbooks, but in a more convenient size and format.

Concise Hornbooks have been developed specifically to provide for the needs of today’s law students, while meeting the academic standards professors expect from West Academic Publishing. This series features concise analyses of fundamental areas of the law by prominent legal scholars. Each text is lightly footnoted and focuses on the core principles and concepts fundamental to understanding the subject matter.

• Provides comprehensive coverage of the most crucial issues
• Focuses on core principles and concepts fundamental to understanding
• Lightly footnoted for ease of use
• Conveniently sized to fit into a backpack or briefcase

Helpful, practical reference tools.

The Concepts and Insights series is an outstanding series of mini-treatises by leading scholars that provides concise conceptual overviews of the major subjects. The shorter length of these softcover books ensures that they remain helpful, practical reference tools.

- Provides conceptual overviews of important areas of law
- Covers the principal issues and the leading cases
- Written by leading scholars

High quality treatises written by top scholars.

The University Treatise Series provides comprehensive, one-volume surveys of the basic doctrine, principles, and policies in a given subject or practice area. The series includes recognizable classics and is being renovated with groundbreaking new offerings like Einer Elhauge’s *Modern Antitrust Law and Economics*. University Treatises can be used as the textual bases for many courses.

Black Letter Outlines reveal the Black Letter Law.

Black Letter Outlines succinctly state legal rules and exceptions, and also provide citations to the major texts, so students can study individual points of law in depth.

Black Letter Outlines feature a highly detailed capsule summary and a table of contents. Students can use both when creating their own review outlines, or as a quick and comprehensive review before finals.

• Can be used as both a study aid when prepping for class and as a review when preparing for an examination
• Offer both a comprehensive outline and a capsule summary for review
• Help students prepare for final exams with true/false, multiple choice, and essay review questions

The study aid students can turn to for help preparing for class or studying for final exams.

Gilbert Law Summaries provide a detailed, comprehensive outline of the law. Each title includes a capsule summary perfect for last-minute review. Students can test their understanding of a topic and fine-tune exam skills with multiple choice, short answer, and essay questions featured at the back of each outline. Each sample question comes with a fully explained answer and is cross-referenced back to the main outline for further review.

Every outline contains flowcharts, comparison charts, and summary charts designed to help students analyze issues, keep potentially confusing topics straight, and condense rules into a manageable mini-outline.

- Provide comprehensive, easy-to-understand outlines of law
- Capsule summaries offer a condensed overview of the entire subject
- Help students prepare for exams with true/false, multiple choice, and essay questions
- Provide answers to sample questions that are fully explained and refer to the text

Helps prepare students for class and exams with confidence.

Quick Reviews are short, clear, and concise substantive outlines. Each title is written by a professor who is a noted authority on the subject.

The concise format of Quick Reviews provides the big picture overview that helps students to review the subject quickly, allowing them to find the areas where they need to do more review while they still have the time. Plus, students can rest easy, knowing the material comes from a reliable source.

- Concise outlines
- Case illustrations
- Hypotheticals and questions to help clarify points of law
- Examination tips

**Criminal Procedure**
Follow the map to reach an understanding of the rules.

The pictures in Logic Maps titles are worth thousands of words when students want to grasp the meaning and importance of legal rules.

This series uses colorful, easy-to-understand graphics to show the interplay of various legal rules and subparts of rules. The format allows fast, comprehensive review of course material for classroom discussions and exams.

The titles cover Civil Procedure and the Internal Revenue Code. Each provides an appendix of the relevant rules’ complete, current text. The titles can be used to support any classroom text on the same subject.

- The quick, visual route to understanding law school subjects
- Color-coded, graphic flowcharts of rules and their relationships
- Perforated pages that are easy to add to a student’s notebook
- Practical supplement to a variety of texts

Civil Procedure
Taxation-Income
The most complete line of study aids available.

With more than 150 titles in the series, Nutshells cover the widest range of topics, so there is likely a Nutshell for whatever subject you are studying.

Nutshells offer succinct summations of the law, so they save valuable study time. Though brief, Nutshells provide the accurate and essential information that students need to excel in class.

Nutshells can be used as guides through unfamiliar or confusing topics. Their compact size makes them portable and easy to read. Their content makes them invaluable.

- A simplified yet thorough summation of the law
- Succinct, compact, and portable
- Time-saving, easy-to-read texts
- More than 150 titles available in a wide range of subjects

These Short & Happy Guides are law students’ new favorites for quick and effective learning. Concise, economical Short & Happy Guides explain legal principles, practices, and policies in terms you can grasp quickly.

This growing series covers courses most law students take: contracts, commercial law, property, and torts. Titles provide techniques for mastering and remembering the law, plus encouragement and confidence to succeed in law school courses and a legal career.

The authors, veteran law professors, know which issues students frequently find baffling and know how to lessen their confusion and anxiety. They even know how to make learning complex legal ideas enjoyable!

Students can learn the stories behind landmark cases.

In the Law Stories Series from Foundation Press students will find fascinating behind-the-scenes accounts that they cannot find in any casebook.

The series brings to life the groundbreaking cases within important areas of law. Series Editor Paul Caron and the general editors of each title have compiled these compelling stories to provide law students with a deeper understanding of the far-reaching implications of the cases examined.

The articles combine narration and analysis to introduce the parties to the dispute and set the legal and historical context. Each book examines the immediate impact of the case, as well as the continuing significance of the case in shaping modern law.

- Highlight landmark cases brought to life
- Feature compelling stories not found in any casebook
- Offer the historical contexts of groundbreaking decisions

Study on the go.

The demands of law school make it essential that students use their time wisely. The Sum & Substance Audio Series helps do just that by turning what used to be downtime into time well spent. Students can listen to lectures anywhere, at their convenience – while commuting, exercising, or even running errands.

The dynamic professors in this series are the most interesting and successful law professors teaching today. They present complex material in their own highly entertaining and memorable styles. Students will hear hypothetical examples that illustrate important concepts, plus they will receive exam tips that can improve their performance on the final exam.

Students can gain a firm grasp of their entire course and build their confidence in the classroom while learning from the best – all in just a few short hours.

Students can listen and learn anywhere.

The Law School Legends Audio Series provides dynamic lectures from the nation’s top professors who draw rave reviews not only for their scholarship, but also for their ability to make even the most difficult concepts in the law easy to understand.

Law School Legends audios provide an excellent way for 1Ls to get a jump start on classes before school begins, and they are a great introduction to the law. Terminology and concepts are introduced in an entertaining and easy-to-follow format. Students can listen to lectures to learn the overall structure of an area of law, to learn key terminology, and to enhance understanding of major cases and statutes.

- Allows students to study for exams anytime
- Offers the ability for students to listen and learn anywhere
- Ideal for getting a jump start on subjects before classes begin

An innovative checklist approach to evaluating legal issues.

The Acing Series titles feature an innovative method of content organization, utilizing a checklist format that leads students through the questions they need to ask to fully evaluate the legal problem they are trying to solve.

Many other study aids provide sample problems for students to work on, but none provide the type of systematic approach to problem solving that can be found in the Acing Series. The Acing Series titles pull together the different issues, presenting a clear guide to legal analysis that students can draw upon when writing their exams.

• Innovative checklist format leads students through the questions they need to ask to fully evaluate the subject

• Offers a systematic approach to problem solving that is not found in other study aids

Students will take exams like a pro.

Students can take final exams with confidence – by preparing with the Exam Pro Series. Designed to help them prepare for finals and tackle any type of exam situation, Exam Pro now offers two sets of books within the series, both Multiple Choice and Essay Exams. Both contain sample exams with detailed answers that help students understand the correct answer while building exam skills.

Each Exam Pro title has been prepared by a leading law professor recognized as an expert in that title’s area of law. Most Exam Pro exams present detailed fact patterns, then pose questions, simulating real exam situations. The detailed answer keys not only provide the correct answer, but also explain why it is the best option. Students will also learn to identify “red herring” answers designed to lure them toward incorrect responses.

- Increases understanding of a topic and build exam skills
- Offers essay titles or objective testing titles
