

**Updated Valve Cover
Gasket Kit For Dodge
5.9L + 6.7L Common
Rail**

DTech now offers the valve cover gasket kit for use in Dodge 5.9L and 6.7L common rail engines. Part number for the kit is DT590007; part number is the same for both applications.

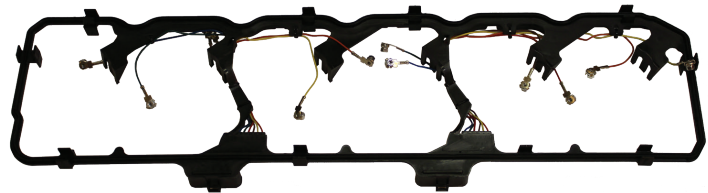

The kit includes one valve cover gasket incorporating injector and engine harness connections. For 2003 – 2005 Dodge 5.9L applications refer to Product Bulletin FI-314.

Note: The kit does not include external pigtail connectors.

See below for application information.

Dodge 5.9L Model Year	Application	OEM Part Number
