

**Valve Cover Isolator
+ Injection Line Oil
Seal For GM 6.6L LB7
Duramax**

DIPACO is introducing the valve cover bolt noise isolator grommet, part number DT660014, and the valve cover injection line oil seal, part number DT660015, for use in GM 6.6L LB7 Duramax engines.

With the increasing age of these vehicles, replacement of these parts are recommended to insure a leak free repair. These parts are available individually and are included in several of our kits for GM 6.6L LB7 Duramax engines.

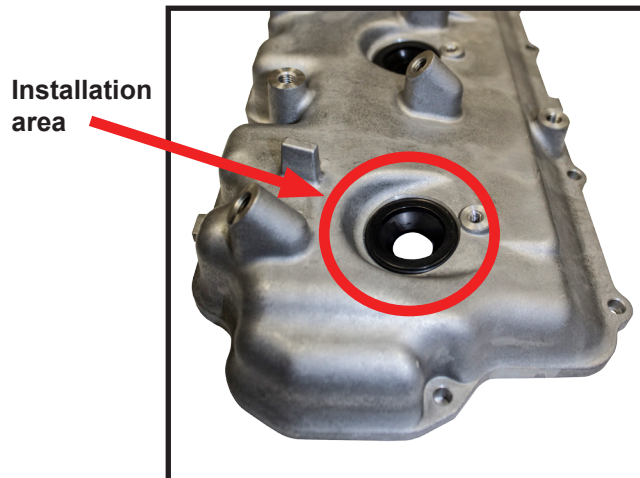

DT660014

DT660015

See below for the area where the DT660015 valve cover injection line oil seal should be installed.
