

We partner with the world's leading manufacturers of connectors, relays, sensors, circuit breakers, and other parts vital to your business.

For a quarter of a century, Chief Enterprises, has believed in doing more. Doing more means understanding the products that we sell, upholding a higher-standard of quality, creating solutions to suit our customers' needs and taking just as much care in building relationships with those same clients.

And to our customers, partners, and suppliers, that makes all the difference.

Parts Specialist. Solutions Driven.

Chief Enterprises, Inc. designed and manufactures its own line of IP67 sealed power distribution modules, JCASE® holders, and accessories for the on and off-road OEM. Branded as the BRIC® (Breathable & Robust Interconnection Center), our modules are tested for the harshest environments and are equipped with industry demanded features such as a hydrophobic vent and an extremely small footprint. Unlike the competition, Chief's on-staff engineering provides frontline technical and quality support including design-in services.

For nearly 125 years, Bosch has been the world's largest independent parts supplier to the automotive industry; offering robust German-engineered low-way connectors, ECU high-way connectors and pin headers, sensors, injectors, throttle bodies, motors, pumps, and fans.

TE Connectivity is the world's leading manufacturer of automotive relays and high voltage products. TE leads the world by providing a wide range of innovative relay products that are of consistently high quality.

Amphenol Sine Systems is an industry leading manufacturer of high-performance interconnect systems for heavy-duty markets. With the capability to design and create custom connectors and cable assemblies, Amp Sine has been providing quality, cost effective products for nearly 50 years.

Mechanical Products is America's leading manufacturer of high amp circuit breakers and offers main or supplementary protection for a variety of products and equipment in the commercial, defense, marine, and transportation markets.

Headquartered in Bursa, Turkey, Segger Horns has a notable reputation as a producer of superior quality and cost effective vehicular components for over 25 years. While meeting all necessary EC and ESE standards, Segger supplies electromagnetic, electronic, and air horns.

E-T-A is the industry leader in circuit breaker protection manufacturing high quality plug-in type 1, 2 and 3 circuit breakers as well as switch and circuit breaker combinations for over 60 years.

Since 1913, Dumore has been designing and manufacturing American made custom fractional horsepower DC motors, gear motors, and electromechanical motor assemblies for OEM's worldwide.

VTE Inc. has been producing high quality terminal insulators for protection against electrical shorts and shock for over 30 years. VTE also offers a complete line of terminal busbars, power posts, fuses, and fuse holders that comply with industry and safety standards.

In collaboration with General Cable, Chief Enterprises offers fusible links for protection against short circuits in wiring systems. General Cable is one of the largest wire and cable manufacturers in the world producing the highest quality aluminum, copper and fiber optic wire and cable products.

Founded in 1984, Hongfa is one of the world's leading relay manufacturers known for their exceptional quality and innovation. The Hongfa product offering includes automotive, signal, latching, and power relays.

Let Chief do more for your business.

Chief Enterprises, Inc. | 545 West Lake St. Elmhurst, Illinois | www.chiefent.com | 630-530-1224

We are a premier provider of electrical components for OEMs and their suppliers in the transportation industry and peripheral markets.

We are more than a source for the best parts. We are parts specialists. Our experienced team works with you to help you find the best solutions for your specific needs. Sometimes your needs go beyond off-the-self solutions. Our team of on-staff engineers can provide value-added solutions that meet your specifications. Above that, our industry leading partnerships coupled with these in-house capabilities allow us to do more for your business.

CONNECTORS, TERMINALS & SEALS

- Compact, Trapezoid and JPT Low-Pole Connectors
- Dust Caps for Bosch Kompact & BAK Series Connectors
- High Pole Headers and Connectors
- DuraMate™ Multi-Pin Thermoplastic Connectors
- High Voltage Connectors
- Terminals & Wire Seals
- Crimping & Extraction Tools
- Custom Pigtails & Harnesses

POWER DISTRIBUTION & CIRCUIT PROTECTION

- Sealed Power Distribution Modules- BRIC®
- JCASE® Holder
- Inline & Bar Bussing Solutions
- ATO Fuse Panels
- Relay Sockets
- In-Line and Stand-Alone Fuseholders
- Circuit Breakers
- Thermal Circuit Breakers
- Fusible Links

RELAYS & SOLENOIDS

- Micro & Ultra Relays
- Mini, Weatherproof & Time-delay Relays
- HCR 75,150 & 200
- High Voltage Contactors
- Battery Disconnect Switch (BDS)
- Maxi Relays
- PCB Relays
- Solenoids

MOTORS, FANS & PUMPS

- Wiper, Window & Seat Motors
- Fractional HP Motors and Gearmotors
- Recirculation Pumps and Valves
- Axial and Blower Fans

ENGINE / EV MANAGEMENT

- Sensors- O2, temperature, pressure, air mass, etc.
- Throttle Bodies
- Injectors
- On-board Battery Chargers
- Battery Management
- High Voltage Cables

JUNCTION BLOCKS, STUDS & BOOTS

- Junction Blocks
- Junction, Pass-Through & Jump-Start Studs
- Custom Blocks and Studs
- Insulator Boots

AUDIBLE WARNING DEVICES

- Disc and Fanfare Horns
- Air Horns
- Solid State Horns
- Back-up Alarms

VALUE-ADDED SERVICES

- Value-add Assemblies & Processes
- Pigtails, Extension, and Speciality Harnesses
- Electrical & Mechanical Modifications
- Custom Kit Packaging
- Labeling & Laser Marking
- Product Procurement
- Warehousing & Logistics
- Design-In Services
