

WE LISTENED. NEW. NO HASSLE.

At DTech, we pride ourselves on remanufacturing affordable, high quality diesel products. We also listen to our customers. We understand the world of a reman fuel pump or injector is vastly different from a reman turbocharger. Turbochargers are messy business. Cores are expensive. Shipping cores is costly. Core criteria can be difficult. No one wants to deal with that. **That's why DTech is providing you with NEW, OEM turbochargers for Dodge 5.9L, Ford 6.0L, Ford 7.3L and Duramax 6.6L.**

We're eliminating the turbo hassle. No core fees or returns. Reasonable prices. Outstanding warranty. Now getting turbos from DTech is simple.

Order a **new** turbocharger from DTech today.
