

“Recommended for all public libraries and bookstores...” —*Criticas*

MALCOLM X, BLACK LIBERATION & THE ROAD TO WORKERS POWER

“Don’t start with Blacks as an oppressed nationality. Start with the vanguard place of workers who are Black in broad proletarian-led struggles in the U.S. From the Civil War to today, the record is mind-boggling. It’s the strength and resilience, not the oppression, that bowls you over.”

– Jack Barnes

74 PAGES OF PHOTOS

Also in Spanish and French
413 pp.; photo sections;
glossary; index
ISBN 978-1-60488-021-2 US\$20
