

## Fuel Injectors And Installation Kits For Ford 6.7L Engine

DTech has released remanufactured fuel injectors, part numbers below, for the Ford 6.7L engine. Following the lead of Ford, the DTech injectors also include the hold down bolt and fuel line needed for complete installation. The hold down bolt is included to eliminate the issue stretched bolts can cause when reused. The high-pressure injection lines on the 6.7L must be replaced with new anytime they are loosened or removed. Failure to replace a line will result in fuel leaks.

These remanufactured Piezo-style fuel injectors are cylinder specific when using the included fuel line. Part numbers and cylinder applications are listed below. The injector itself can be used in any cylinder; you will just need to use the appropriate fuel line for the cylinder.

Make	Model Year	DTech Part	Cylinders	Ford Part
F-Series (All)	2011 2014	DT671001R	1-2-7-8	BC3A9H529A
F-Series (All)	2011 2014	DT671002R	3-4-5-6	BC3A9H529B
F-Series (All)	2015 2018	DT671003R	1-2-7-8	FC3Z9H529A
F-Series (All)	2015 2018	DT671004R	3-4-5-6	FC3Z9H529B
Cab/Chassis <sup>(1)</sup>	2011 2016	DT671001R	1-2-7-8	BC3A9H529A
Cab/Chassis <sup>(1)</sup>	2011 2016	DT671002R	3-4-5-6	BC3A9H529B
Cab/Chassis <sup>(2)</sup>	2016 2018	DT671003R	1-2-7-8	FC3Z9H529A
Cab/Chassis <sup>(2)</sup>	2016 2018	DT671004R	3-4-5-6	FC3Z9H529B
