

# CUBA AND ANGOLA THE WAR FOR FREEDOM

## CUBA Y ANGOLA LA GUERRA POR LA LIBERTAD

*By Harry Villegas  
"Pombo"*

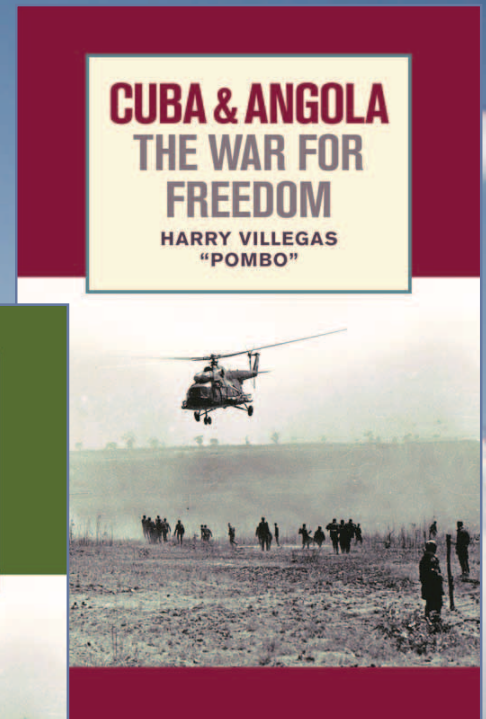

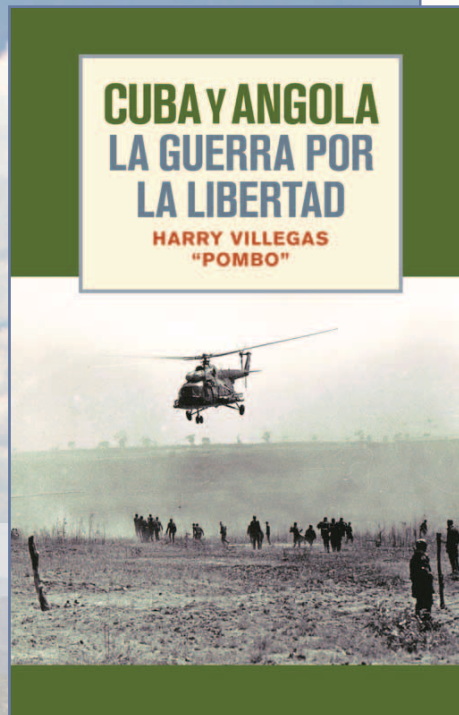

Beginning in 1975 an epic battle was waged for the future of southern Africa. The Angolan people had just thrown off 500 years of Portuguese colonial brutality. Now South Africa's white supremacist regime, spurred by Washington, had invaded Angola. Its goal: to impose a government beholden to Pretoria and imperialism.

Harry Villegas is a brigadier general of Cuba's Revolutionary Armed Forces. He is known the world over as "Pombo," the nom de guerre given him by Ernesto Che Guevara, at whose side he worked and fought in Cuba, the Congo, and Bolivia.
