

BLASTERALL™

RIGGERS

APPLICATIONS

Styled after the popular original BlasterAll® gloves, the new BlasterAll® Riggers are the recommended workhorse for general applications. With the new, shortened gauntlet and upgraded cut protection, our new Riggers gloves provide even greater convenience and protection.

FEATURES

- Made from genuine durable 'fine-grain' leather, giving comfort and dexterity
- Cut Level 5 Kevlar® lining for the best combination of comfort and protection
- Touch screen index finger tips allow operators to take and answer calls without glove removal
- Bump protector guards on the back of the fingers and hand to keep hands safer
- Offered in wide selection of sizes from XS (6) to XXL (11) to accommodate various hand sizes

| PART NUMBER & SIZING CHART | |
|----------------------------|---------------|
| Part Number | Size |
| NA150-XS | X-Small (6) |
| NA150-SM | Small (7) |
| NA150-MED | Medium (8) |
| NA150-LG | Large (9) |
| NA150-XL | X-Large (10) |
| NA150-2XL | XX-Large (11) |

HOW TO CHOOSE THE CORRECT BLASTERALL GLOVE SIZE

Hand injuries are one of the most common injuries on blasting jobsite. However, using Blasterall protective gloves gives your operators the hand protection they deserve. Blasterall Gloves offer resistance to abrasion, impacts, cuts, and more. It is important to wear the right size gloves to ensure the optimal levels of dexterity and comfort. Glove size measures in inches so all you need is a tape measure or ruler to identify the glove size for you.

To determine your glove size, measure from the tip of your middle finger to the wrinkle at the base of your hand. Then wrap a fabric measuring tape around the widest part of your hand just below the knuckle (excluding your thumb). Once you have both these measurements, use the larger of the two to determine the proper glove size. Typically the first measurement works for 95% of people. If you don't have a fabric tape, this is the easiest way to find your glove size.

Below you will find sizes by number as well as letter sizes:

- If your hand measures 5.5 - 6 inches, choose size 6, X Small.
- If your hand measures 6.5 - 7 inches, choose size 7, Small.
- If your hand measures 7.5 - 8 inches, choose size 8, Medium.
- If your hand measures 8.5 - 9 inches, choose size 9, Large.
- If your hand measures 9.5 - 10 inches, choose size 10, XL.
- If your hand measures 10.5 - 11 inches, choose size 11, XXL.

GLOVE SIZING CHART

Take the larger of the two measurements to determine proper glove size.

MEASURE

| | |
|-----------|-------------------------------|
| XS | 5.5-6" 14-15.2 cm |
| S | 6.5-7" 16.5-17.8 cm |
| M | 7.5-8" 19.1-20.3 cm |

MEASURE

| | |
|------------|---------------------------------|
| L | 8.5-9" 21.6-22.9 cm |
| XL | 9.5-10" 24.1-25.4 cm |
| XXL | 10.5-11" 26.7-27.9 cm |
