

Position Title **Estimator-Cabinet Design**
Department Programs Team
Reports to Director of Sales, Programs Manager

Position Summary

Fast-growing national company is seeking a full-time Estimator and Cabinetry Specialist for our Solon, Ohio corporate headquarters. We are a leading manufacturer and distributor of cabinets and countertops for large multi-family units. Our multifamily division supports a broad inventory of national brands for appliances, cabinetry, HVAC and plumbing. We are seeking an experienced estimator/cabinet specialist who can thrive in a fast-paced, high energy, aggressive organization with tremendous opportunities. This position will report directly to our Director of Sales & Marketing Manager, and be responsible for designing kitchen and bathroom layouts, as well as cabinetry sales. **Primary**

Responsibilities Include:

- Design beautifully functional kitchens and bathrooms with Cabinetry
- Ability to take project from blueprint to finished design
- Work directly with sales reps, purchasing, and logistics
- Create estimates and sales orders
- Provide detailed product information to customers

Requirements:

- Superior people skills, comfortable working with clients and colleagues alike
- Naturally analytical characteristics
- Skilled in 20/20 design
- 2-5 years' experience in kitchen/bathroom design
- 2-5 years' experience in construction project estimating
- Advanced computer skills
- Strong troubleshooting skills
- Strong written and verbal skills
- Advanced organizational skills with ability to prioritize and multi-task

Additional:

- A bachelor's degree is preferred but not required
- Sales experience is preferred but not required

Job Type: Full-time

Required education:

- Bachelor's

Required experience:

- Estimating: 2 years
