

Caterpillar 3406E Nozzle Assembly

DIPACO has added two additional nozzle assemblies for the Caterpillar 3406E EUI application. The new nozzle part numbers are **RTF41926/31** and **RTF41936/31** to go along with our original part number RTF41906/31.

The nozzle design is slightly different from the OE and has been proven to be dependable in service. The nozzle assembly is complete and ready for installation with a preset VOP and needle lift.
