### NEW INJECTOR AND PUMP MOUNT KITS FOR NAVISTAR DT466/DT360 ENGINES

---

DIPACO has available injector and pump mounting kits for the Navistar DT466/DT360 engines. We have a complete pump and injector installation kit, part number DPE46600, a pump mounting kit, DPE46610, and an injector mounting kit, DPE46620. These kits include, as appropriate, access cover and pump mount gaskets, line sleeves, injector return hose, nozzle gaskets, dust seals, and hose clamps. These kits are excellent time savers and money makers. You save time because you don't need to go to Navistar for the parts. You make money because you can sell them to your customers when you do their pump or injector repairs, instead of sending them to Navistar. Following are the kit parts breakdown.
