### New Injector Installation Kits for 6.9L and 7.3L Engines

---

Often when installing 6.9L or 7.3L injectors during minor repairs, the return hose and adapters do not need to be replaced. Instead of your customers needing to purchase the complete injector installation kits, either **DPE69120** or **DPE73120**, you can now offer them basic injector installation kits. These kits, either **DPE69130** or **DPE73130**, contain two return hose clamps (which should not be reused), two return o-rings, and the injector washer. Each kit contains pieces for 8 injectors.

Following are the kits and their contents:

<b>DPE69130</b>	<b>6.9L Minor Injector Kit</b>		<b>DPE73130</b>	<b>7.3L Minor Injector Kit</b>	
D1802453C1	Return Hose Clamp	16	D1811226C1	Return Hose Clamp	16
D355966R1	Return O-Ring	16	D355966R1	Return O-Ring	16
D489256C1	Injector Washer	8	D489256C1	Injector Washer	8
