

DPE3300SCE Gasket Kit for Caterpillar 3300 (Early) Scroll Fuel Pumps

DIPACO has released a new combination gasket kit for use with early style Caterpillar 3304/3306 scroll fuel pumps. This kit contains all of the gaskets, o-rings, seals, locks, and other parts you would need to rebuild most of these fuel pumps. However, due to the many different configurations of these pumps, you may need some extra parts, depending on the application. These fuel pumps use the D4N4997 and D9H5797 plunger and barrel assemblies. Following is the contents of the **DPE3300SCE** kit:
