

Replacement Nozzle Tester Gauges

DIPACO has available two replacement nozzle tester gauges. These gauges can be used in Bosch and Zexel nozzle pop testers as well as the DIPACO **DPE99050** nozzle tester. The gauges show pressure in both BAR and PSI measurements.

The **DPE99054** gauge can measure pressures up to 400 BAR or 5,800 PSI.

The **DPE99054-600** gauge can measure pressures up to 600 BAR or 8,700 PSI.
