

Camshafts for Caterpillar Sleeve-Metering Fuel Pumps

DIPACO has seven camshafts available for Caterpillar sleeve metering fuel systems. You can identify the appropriate camshaft by finding either the part number or identification code stamped between the lobes of the camshaft. The chart below can be used to identify the appropriate camshaft application.

Camshaft Number Part Number	ID Letter	Engine	Static Timing	Fuel System Type
D7C1507	E	3208	17.5°	NA4
D9L6542	B	3208	16.0°	NA1
D4N4313	G	3306	8.5°	Turbo
D6N6567	F	3304	13.5°	Naturally Aspirated
D9N3751	A	3208	16.0°	NA2 & NA3
D9N5858	C	3208T	15.0°	T1, T2 & T3
D7W6831	D	3208T	12.5°	T3
