

Custom Fileback Divider Sets

Fileback dividers provide an economical and efficient system for organizing and storing documents within a file folder. The design of the Fileback system allows select pages to be added or removed from the chart without disturbing the existing documents.

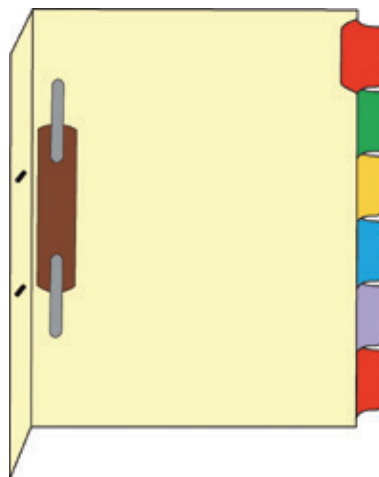

Custom Filebacks feature:

- 110-lb Ivory paper stock
- Tab length up to 2" long – one row
- Clear or colored mylar coated tabs

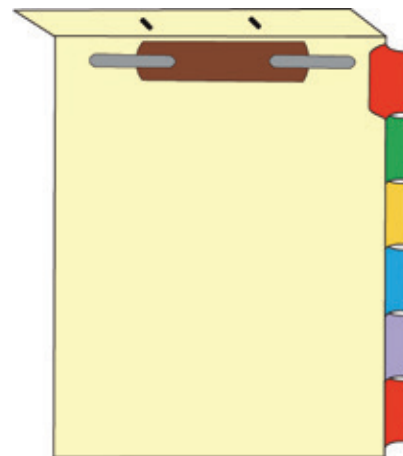

- Tabs are printed on 2 sides with black ink
- Two fastener slots on scored flap
- Slots are reinforced with clear mylar
- 2-inch heat-bonded fasteners
- Come pre-collated and boxed
- Three styles available:
 - Top flap-bottom tab
 - Top flap-side tab
 - Side flap-side tab
