

**O-Ring and Screw Kits for Detroit Series 60 Injectors**

**DIPACO** has available o-ring and screw kits for Detroit Series 60 injectors. The o-ring kits cover internal and external applications and the screw kit is for the solenoid. **RTF26209** includes the internal injector o-rings while **RTF26210** includes the external o-rings needed to install the injector. Both kits are also available in packages to repair 25 injectors. The part numbers for these kits are **RTF26209-25** and **RTF26210-25**. The various screws needed for the injector solenoid assembly are included in kit **RTF26237**.

We have also combined these kits for easier parts ordering and stocking. The **RTF26231** O-Ring Kit includes all of the internal and external o-rings while **RTF26238** includes the internal and external o-rings as well as the solenoid screws.
