

## Repair Kit For Volkswagen TDI PDE80 Injector

---

DIPACO has consolidated three kits into one injector repair kit for Volkswagen TDI engines using the PDE80 injector. Kits RTF26025, RTF26026, and RTF26053 have been consolidated into the one kit, part number D1 417 010 997. The kit consolidation has also resulted in a significant price savings over the previous price for the individual kits. The new kit contains the internal solenoid o-ring, three external injector o-rings, and the nozzle washer and retainer.

DIPACO also has available three nozzles for the injectors used in the Volkswagen TDI engines. Please see DIPACO Product Information Bulletin FI-145 for more information on the nozzles.
