

New Turbochargers For Dodge 5.9L Common Rail

DTech now provides new, OEM turbochargers for Dodge 5.9L common rail engines. See below for complete application information.

Application Caution: In the 2004 model year Dodge pickup, there are two different versions of the 5.9L engine used. To ensure you're ordering the correct turbocharger, the vehicle VIN or engine serial number must be known. To ensure the correct part is ordered provide the VIN and / or engine serial number to DIPACO / DTech Customer Experience.

All Dodge 5.9L turbochargers are backed by the DTech two year, unlimited mileage warranty*. No core fee or core return is required.
