

New Turbochargers For Ford 6.0L Power Stroke Engines

DTech now provides new, OEM Variable Geometry Turbochargers (VGT) for Ford 6.0L Power Stroke engines. Each turbocharger includes the control solenoid / actuator. See below for complete application information.

Application Caution: The Power Stroke engine model had many updates during its production; to ensure you're ordering the correct turbocharger, the vehicle model and year, engine ID number or engine serial number must be known. To ensure the correct part is ordered, provide the information to DIPACO / DTech Customer Experience.

All Ford 6.0L turbochargers are backed by the DTech two year, unlimited mileage warranty*. No core fee or core return is required.

DT600005

Model Year	Application	Reference Number
2003 - 2004	F Series 250-550, Excursion	DT600005R DT3C3Z-6K682-CCR 3C3Z-6K682-CCR 725390-9005
Ford engine serial number range: 6,000,000 - 6,155,636.
